Text : Bakary comes home.

Bakary is going to arrive from Canada today. Ousmane has already taken Mariam and Fatoumata in his car to the Airport. Zanga and Madou are still looking for a taxi.

After half an hour, they finally found an empty taxi which took them to the airport. Two hours later Bakary's plane landed on the runway. The passengers got out and went into the airport buildings.

They had to collect their luggage, go through customs and show their passports. Then at last Bakary could come and greet his friends. After all they went back home. Zanga and Madou couldn't find a place in Ousmane's car. So, they took a taxi for home.
